Mentee Information for Mentorship
TomoWork Talent Acceleration Programme

Name	Tay Shen En Ethan		
Institution	Tomowork	School	nanyang Polytechnic
Diploma	Infomation Technology	Graduation Year	2023

My Self-Introduction

I am somone who wants to appreciate the basic things in life. I see the world through a creative and rational lens. Which makes my view on the world unique and level headed.

My Educational Background

Primary : St Andrew's Primary (2007-2013)
Secondary: St Andrew's Secondary(2014-2017)
Private education : Insworld Academy(2018-2020)
Polytechnic : Nanyany polytechnic(2020-2023)

My Skills

During my diploma in It Nanyang poly ,I have been taught in
~)Data Structures and Algoritems: Organising and cleaning data. Displaying data in presentable format
~)Database Management Systems,
~)Market research and technology trends
~) Ux design Methods and technologies
 I am now able to use Tableau and Mysqlalchemy I also have basic Microsoft Excel organising skills

My Work Experience (including Internship)

internship at Npe Print inc . Worked as Tech support and helped sort our Their data. Worked between 5th march - 20th August 2022
Other items included during internship at that are '
1)setting up accounts for users
2)Clearing and backing up email cache data
3)Fixing printer issues
4)Using Microsoft excel to sort out data regarding purchasing products.
5) Automating Microsoft excel to send WhatsApp messages to producer

Industries I'm Interested and Why

Linked in: they are responsible with paring people up with the appropriate jobs
Foodpanda: sorting out data for restraunts, food is another factor I enjoy
Google: it is a popular search engine worldwide.

Jobs and Roles I'm Interested and Why

Data Analysis.
    I am less interested in creating or managing websites. I rather deal with data directly
Uni/ux designs
    making webpages according to the users interest and needs. Need to understand
what they want out of a webpage
Sim Lim computer repair:
    I have experience dismantling pc's

One items is that interesting for me is to work with Chat Gtp . I would love to work
with the ai with chat gtp

Questions to my Mentor

What can i do to impress you ?
How Long have you been in your current company?
Has the role changed since you got here?

How would you describe your company's culture

What rate the challenging aspects of the industry ill be working in .
How will i know i am doing well in this role and what is expected of me?
What do you like about the company you worked in >
